Blended Tableware

Plates, bowls, hinged containers and 5 or 6-compartment school trays. Upscale marbled look - products made from sugarcane and gluten-free wheat stalk. Certified compostable, microwavable and excellent for hot or cold food

Ovation™

Fitted Lids*

Premium quality lids complement our plates, bowls and portion cups. They're brilliant-clarity, strong, stackable, and excellent for hot or cold foods. Our dome lids are made from PET and are a 100% recyclable; the portion cup lids are flat, PLA derived and 100% compostable.

Repurpose™

White Bagasse

Plates, bowls, hinged containers and 5-compartment school trays. Clean, crisp, bright white finish - products made from sugarcane resources. Certified compostable, microwavable and excellent for hot or cold foods.

EVOLUTION™

Square Plates

Square plates of assorted sizes, with a rectangular accent plate for a polished presentation. This upscale line is pearl white and heavy duty - made from sugarcane resources. Certified compostable.

GREEN SQUARE™

Cutlery

Full and mid-size, certified compostable cutlery made from CPLA (corn starch). Perfect for hot or cold foods. Mid-size available in white. Full-size available in white or black. Available in bulk, individually wrapped or package kits.

EPOCH™

Recycled Fiber Products

This compostable product line is made from recycled paper and retains the natural brown color from the paper pulp. The denim-like texture and natural color make this product line well suited for casual occasions.
